That Base Ball Game.

There is always two sides to any question, some people will tell you that the Second ball team yesterday out played the First team and would have won the game had they been given justice by the umpire.

There are others who will say that the Second nine couldn't hold a light to the First nine, that the First nine didn't have but four of their regular players, that they loaned out their best pitcher to the Second nine. That the fat man's team, Mart Walsh, Manager, could skin the Second nine, etc.

We were not there and of course can't decide, but we do hear it was a good game and those who saw it were well pleased. The battery for the kids was Martin and Robinson, and the First nine, Ellis and Kiser; Charlie Ellis, umpire.

The score stood 2 to 1, in favor of

the first nine.

Now there has been a whole lot of talk going on about this game, and one citizen wants to wager \$50 that the First nine can give the Second nine two scores and then win, the money to be donated to the support of the club. We have heard of some Second nine bluffs, but haven't heard of any calls yet. Another game is scheduled for next week.

Beer Ordered Seized.

Guthrie, Ok., June 3.—It was reported to the attorney general's office today that over two thousand gallons of beer had been discovered in Oklahoma City in the process of making and that the promoters claimed to have permission to do so. Such permission is declared spurious as far as this state is concerned, and instructions were given the officers to make the seizure.

BIG PREPARATION BEGUN

**Committees Named Who Will Get
Busy for a Mammoth Day
in July**

The general committee on arrangements met and appointed the following various committees for the big Fourth of July celebration. Take notice and go to work if you are assigned any thing to do for each committee will be expected to do its part. Amusements and privileges—L. Rosenfield, Mart Walsh and Will Neathery.

Vaden, G. Duncan, A. M. Cummings, Ed. Cotten, L. C. Oliver, Pleas Roberts, Bob Long, Wm. Maharg, Gale Statler.

ADA'S CONSCIENCE

It will accord the city of Ada great satisfaction to join with all the people of the county in a big picnic and barbecue, Ada as the host and her fellow county citizens as the guests, on the Fourth of July.

It is especially fitting at this time that Ada should cordially invite the occurrence of a great county house warming within her peaceful gates.

This young city has a great deal for which to feel thankful and such possession is in principle part the kindly permission of the outlying districts and cities within the same county of Pontotoc. Those citizens, and especially the property owners, here should feel duly grateful of the pleasant and substantial commercial and political position occupied by this municipality in this county.

Each of the system of the three railroads traversing the length and breadth of the county, with three and one-half million dollars of taxable values within its borders form their junction point at Ada. The rich valleys and fertile plateaus ensconced within the boundaries of Pontotoc county afford a peaceful and prosperous reception to several of the best little cities throughout a vast section of this country. Especially is it appropriate when referring to the wealth and desirability of this county and when felicitating our town on being the uncontested seat of government of the county, to refer to those prosperous towns of Stonewall, Roff, Francis and Allen, than which there are none in this state, least wise Ada excepted, more entitled to social commercial and political recognition in so far as their respective populations and geographical environment offers opportunity for an exploitation of their talents.

The people of Ada, believing in the cardinal principle of equal rights and exact justice to all men, would not take umbrage unto themselves that on account of the favorable situation of their town in the county, they are in least manner entitled to dictate or control the political transpirations in the county. On the other hand, the people of Ada as a whole, are

steadfast in the conscience that they would not solicit any political security which would in any manner reflect on the rights and opportunities of any other section or town in the county. In this connection, the News does not believe that it is improper to state, that under all the circumstances it became the patriotic duty—and evidently was the patriotic pleasure of the great majority of the people of the county—to be sincere well wishers of Ada in her strong contest before the Oklahoma legislature for a state normal institution. Such an institution in Ada would materially add to the value of the entire wealth of the county. It would aid the small farmer in securing a better and readier market for his produce and best of all, it would aid all the citizens of the county, as well as adjoining counties to extend the most economical superior educational opportunities to the youth with the attendant comfort and pleasure of continuing the child and the son and daughter near the parental roof. The News states that it believes, that it became the patriotic pleasure as well as the duty of the fellow county citizens of the citizens of Ada to be the earnest well wishers of Ada in her state normal school ambitions, for the reasons above enumerated and for the reinforced reason that no other town in this section and especially in this county, even with the assistance of Ada and our county's representatives in the legislature, occupied a favorable enough position or could offer the flattering inducements such as could larger towns with ample railroad facilities, modern city conveniences and wealth with inclination to "turn it loose" with which to sustain a strong and intelligent lobby at the capital, Ada became the logical town within this section to enter the contest for the

(Continued on Page Six.)

SENATOR RODDIE

Mixin' and Minglin' With Friends and Constituency—Tells How It Happened.

Senator R. M. Roddie returned last night from his legislative duties at Guthrie. His friends and constituency generally are greeting him most cordially today, and they are receiving cordial treatment in return. It is known and appreciated that Senator Roddie was right in the van guard of leadership within the upper house of the legislature. He was pronouncedly very active in the consideration of all questions before the legislature. He was always on hand to vote and a reason whereof for the manner of the casting. Sometimes, it is said, his explanation of his vote would become so emphatic and withal so forceful and resonant in its enunciation that a scramble would ensue among many already casting an opposite vote to change the record of the tally.

The Ada senator was distinctly an influential member of the legislature. It is thought that his services are regarded as distinguished and honorable by his constituency all over the district. Especially is it notable that Senator Roddie not only has maintained the unwavering friendship of his first political friends throughout this community, but to the original squad of them he has added legion, if general cordiality of reception and expressions of general approval of public service forms an indication. Senator Roddie has been commissioned among several other legislators to index and codify the session laws of the late legislature. His committee will finish this work in about two weeks. He states that he will be delighted to meet his constituency throughout the district this summer and to that end will visit all the communities and cities within his district possible. The senator will meet with local friends at 25,000 club rooms this evening.

SHERIFF GARRISON KILLED

NEGRO SLAYER AT LARGE

Special to the News.

Oklahoma City, June 6, 4:30 p. m.—A long distance phone message to Sheriff Tom Smith informs him that Geo. Garrison, sheriff of Oklahoma County, was killed in Oklahoma City last night while undertaking to arrest a negro wife murderer, and two of his deputies wounded, one of whom died this morning. It is further stated that this negro murderer killed six other citizens this morning and had escaped going south and that officers and citizens all along the Canadian river were on the lookout.

However, a message from the Oklahoma since the above was written, states the facts, which vary somewhat from the report to Sheriff Smith. It is true that Geo. Garrison, Oklahoma County sheriff, was killed last night at 9:30 by a negro wife murderer and that the negro is at present at large, that he went east and that a large posse of officers and citizens are in pursuit. Excitement was intense following the killing of Mr. Garrison, that whom there was not so popular a citizen in Oklahoma county.

George Garrison was a loveable man and unusually popular throughout the state for an officer whose official duties were limited to one county. The Pontotoc officers are on the lookout for the negro fiend.

U. C. V. BRIGADE REUNION.

Old Confeds to Celebrate July 21, 22 and 23 at Ada.

The Governor Byrd Camp of Confederate Veterans met in regular session today and the main business transacted was the arranging for a big reunion of the Chickasaw Brigade at Ada, July 21, 22 and 23. Everybody will be expected to join in the effort to make the event a great success. Committees will soon be out soliciting help necessary to entertain the people who will attend.

The business citizens at the earliest time compatible with right attention to business will close their doors and spend an hour at the 25,000 Club this evening 8:30 to 9:30.

Those citizens of Ada truly regretful of the interest of Ada and whose business does not absolutely preclude are cordially urged to visit the 25,000 Club rooms this evening at 8:30 o'clock, when business of the utmost importance will be transacted. Senator Roddie and the Hon. Frank Heddleston and the Hon. Edgar S. Ratliff will address the meeting. R. H. LUCAS, President.

NO CHARGE FOR LAYING YOUR MATTING OR LENOLEUM IF BOUGHT AT OUR STORE

We relieve you of an unpleasant task, do our work well, and sell at the same price as the other fellow, taking into consideration quality always

SHADE HANGING

We could not pay drayage and hang an isolated shade or two, but will hang free of charge a bill of shades or any quantity in connection with the purchase of other goods.

Refrigerators, Quick-meal Gasoline Stoves, Ball-bearing Lawn Mowers and White Mountain Freezers, to Suit Everyone

Has it occurred to you that some refrigerators are dear at any price? The reason is this: Poor insulation causes a constant waste of ice; and poor circulation does not insure keeping the provisions pure. Ten years selling Greenland Refrigerators has demonstrated their superior qualities over many others. Buy a good one

REPLIES TO WORLD

BRYAN DENIES THAT THOS. F. BRYAN CONTRIBUTED TO HIS CAMPAIGN FUND.

WOULD PAY THE MONEY BACK

Charges That New York Paper Sold Its Cartoons to Republican Committee While He Upheld Judge Parker.

Lincoln, Neb., June 4.—In a statement given tonight to the Associated Press, William J. Bryan replies to an article appearing a week ago in the New York World charging that Bryan was the beneficiary of the campaign contribution made by Thomas F. Bryan declares if Ryan made a contribution it was without his knowledge or consent and he repeats his former statement that when it is proven to him that Ryan did make a contribution he will see that the money is returned to the donor. Mr. Bryan says:

"As to the charge that my support of Judge Parker was purchased I need only say that I announced my support to Judge Parker immediately after the St. Louis convention and that support was open and unqualified from the convention until the polls closed. I had opposed his nomination, but he had my support during the campaign. I was in correspondence with him and both on the stump and with my pen rendered all the assistance I could. While the World was selling its columns to the republican committee to be used in caricaturing Judge Parker, my paper was urging his election."

LOCATING THE PENITENTIARY.

Oklahoma Plans Two Great Macadamized Highways from Texas to Kansas.

Guthrie, Ok., June 4.—A delegation was here from McAlester today in conference with the state board controlling the removal of the state penal prisoners from Kansas to Oklahoma, in regard to the location of temporary quarters of the penitentiary, and it was stated tonight that a contract involving the selection of McAlester had been agreed upon. McAlester has agreed to place at the state's disposal 120 acres of land adjoining the town on the northwest of what was the town of McAlester proper before the municipal consolidation. The land lies along the Missouri, Kansas and Texas main line tracks. In addition the city is to furnish an unlimited amount of water free of cost and light and power at what it will cost the town.

The legislative act by Senator Redwine of McAlester and Representative Durant of Durant appropriates \$50,000 and authorizes the State Board of Control, composed of the above named officials, to effect a removal of Oklahoma's convicts to the state from Kansas, where they are now maintained at a daily keep of 40 cents per

person. It is proposed to work the short time convicts on the public roads, and confine the long termers to preparing material for Oklahoma's public buildings. In this work chances for escape are fewer.

In addition to working county roads, the state has in mind the construction of two great macadamized highways from Texas to Kansas and from Arkansas to the Texas Panhandle, covering a distance altogether between 575 and 600 miles. These are to be known as state roads. The north and south highway, it is figured, will follow the general course of the Missouri, Kansas and Texas railroad, running from Denison to Parsons, but the course of the east and west line is not yet known. As to the county roads, it is said the state will investigate to determine where they are most needed. It is figured the only cost to the counties will be that of material, which should not exceed \$100 per mile. The state will bear the cost of maintaining the convicts in this work, but at a price not to exceed what the state is now paying.

The removal of the convicts from Kansas will be effected as soon as arrangements can be made for their retention and care here.

CONGRESSMAN CARTER RETURNS

The Faithful Indian at Home Securing Congratulations.

Ardmore, Okla., Jan. 5.—Charlie Carter came home last night after an arduous several months work in the halls of congress in behalf of this section of the country where he has been as a representative of this district.

Charlie is the same old Charlie that he was before being elected to congress and true to the promise made to his constituents prior to his election has made good and the relief prayed for by the people of this section has been granted.

Charlie stands pre-eminent head and shoulders above the average congressman in Washington and his council is sought by the secretary of interior on all matters pertaining to Indian affairs in this section of the country.

This morning Mr. Carter spent most of his time shaking hands with his friends and receiving congratulations from them for the work that he with the other members of the Oklahoma delegation has accomplished that will be of benefit to this section of the country.

When seen this morning Mr. Carter had the following to say about what was accomplished and how it was accomplished.

Mr. Carter said: "To say that the Oklahoma delegation accomplished all that it went after would not be quite true, I believe, however, what we did on hundred million dollars worth of property will be added to the tax rolls."

"I do not consider that any member of the delegation has a right to arrogate to himself the full credit for accomplishing the removal of restrictions. Every man did his duty and if any man had failed to do his duty his part of the bill might not today have been a law."

"Not only the Oklahoma delegation in congress, but many other leading citizens of Oklahoma and the surrounding states assisted in the passage of this bill. I cannot recall all of their names just at present, but think that Col. Zevely of Muskogee, Kansas, where they are now maintained at a daily keep of 40 cents per

president of the Midland Valley railroad, A. C. Duston, president of the Fort Smith and Western; W. W. Hastings of Tahlequah; and the delegation representing the Choctaw nation, consisting of E. L. Hickman, Peter Hudson, Ed Hill and Jas. E. Humphreys, of this city, are entitled to especial mention as having done all in their power to assist the delegation. The Oklahoma delegation, of which I am a member consisting of Congressman McGuire, Fulton, Dayton and Ferris all worked both in season and out of season for the measure.

First Baptist Church.

Services tomorrow at the First Baptist church at the usual hours. Sunday school 10 a. m. preaching at 11 a. m. and 8:15 p. m. B. Y. P. U. at 4 p. m. Subject for the morning sermon, "Sanctification." Evening subject the "Broad and Narrow Ways." Everybody invited to attend. The morning topic is one in which all christians should be interested, and their attention is especially called to it. Come and hear it discussed.

Ada's Conscience

state normal. If the legislature had enacted any legislation locating normal schools, it is universally believed that Ada's efforts would have been fraught with success.

These suggestions included in this little article of undertaking to promote the interest of the proposed Fourth of July celebration concerning Ada's state normal ambitions may not be pertinent to such subject, on so far that all our guests on that day may know that the people of Ada invite the association of all of them in the easy conscience that no wrong has been done any other community, such as should entitle any one to withhold good fellowship and a spirit of God bless you, we are all one, on the day of the commemoration in this county of the birth of this Republic.

Kennedy's Laxative Cough Syrup is the one that children like so well to take as it tastes nearly as good as maple sugar. It acts gently yet freely on the bowels and thereby drives the cold out of the system. Sold by Crescent Drug Store, F. Z. Holly, proprietor.

Notice of Postponement of Sale of Real Estate.

Notice is hereby given, that in pursuance of an order of the county court of the County of Bryan and State of Oklahoma, made on the 27th day of May, 1908, in the matter of the estate of Ike Pool, a minor, the undersigned guardian of the estate of said minor, has postponed the sale of the hereinafter described real estate from the 28th day of May, 1908, to the 10th day of June, 1908, at two o'clock p. m. of that day, at which time the undersigned will offer for sale in front of the County Court House of Pontotoc County in Ada, Oklahoma, the following described lands, to-wit:

N 1/2 of the NW 1/4; the SW 1/4 of the NW 1/4; the N 1/2 of the SW 1/4; the N 1/2 of the NW 1/4 of the SE 1/4, and the SW 1/4 of the NW 1/4 of the SE 1/4, all in Section 11, Township 4 North, Range 4 East; and the N 1/2 of the NE 1/4; and the NE 1/4 of the NE 1/4 of the SE 1/4 of Section 26, Township 1 South, Range 12 East.

Said sale shall be the undivided one-third interest of said minor in and to the above described lands, subject to the life estates of Cornelius Bond and Wilson Bob, and for cash upon the execution of deed approved by the court.

That Base Ball Game.

There is always two sides to any question, some people will tell you that the Second ball team yesterday out played the First team and would have won the game had they been given justice by the umpire.

There are others who will say that the Second nine couldn't hold a light to the First nine, that the First nine didn't have but four of their regular players, that they leaned out their best pitcher to the Second nine. That the fat man's team, Mart Walsh, Manager, could skin the Second nine, etc.

We were not there and, of course can't decide, but we do hear it was a good game and those who saw it were well pleased. The battery for the kids was Martin and Robinson, and the First nine, Ellis and Kiser; Charlie Ellis, umpire.

The score stood 2 to 1, in favor of

the first nine.

Now there has been a whole lot of talk going on about this game, and one citizen wants to wager \$50 that the First nine can give the Second nine two scores and then win, the money to be donated to the support of the club. We have heard of some Second nine bluffs, but haven't heard of any calls yet. Another game is scheduled for next week.

Beer Ordered Seized.

Guthrie, Ok., June 3.—It was reported to the attorney general's office today that over two thousand gallons of beer had been discovered in Oklahoma City in the process of making and that the promoters claimed to have permission to do so. Such permission is declared spurious as far as this state is concerned, and instructions were given the officers to make the seizure.

BIG PREPARATION BEGUN

**Committees Named Who Will Get
Busy for a Mammoth Day
in July**

The general committee on arrangements met and appointed the following various committees for the big Fourth of July celebration. Take notice and go to work if you are assigned any thing to do for each committee will be expected to do its part.

ADA'S CONSCIENCE

It will accord the city of Ada great satisfaction to join with all the people of the county in a big picnic and barbecue, Ada as the best and her fellow county citizens as the guests, on the Fourth of July.

It is especially fitting at this time that Ada should cordially invite the occurrence of a great county house warming within her peaceful gates.

This young city has a great deal for which to feel thankful and such possession is in principle part the kindly permission of the outlying districts and cities within the same county of Pontotoc. Those citizens, and especially the property owners, here should feel duly grateful of the pleasant and substantial commercial and political position occupied by this municipality in this county.

Each of the system of the three railroads traversing the length and breadth of the county, with three and one-half million dollars of taxable values within its borders form their junction point at Ada. The rich valleys and fertile plateaus ensconced within the boundaries of Pontotoc county afford a peaceful and prosperous reception to several of the best little cities throughout a vast section of this country. Especially is it appropriate when referring to the wealth and desirability of this county and when felicitating our town on being the uncontested seat of government of the county, to refer to those prosperous towns of Stone-wall, Roff, Francis and Allen, than which there are none in this state, least wise Ada excepted, more entitled to social commercial and political recognition in so far as their respective populations and geographical environment offers opportunity for an exploitation of their talents.

The people of Ada, believing in the cardinal principle of equal rights and exact justice to all men, would not take umbrage unto themselves that on account of the favorable situation of their town in the county, they are in least manner entitled to dictate or control the political transpirations in the county. On the other hand, the people of Ada as a whole, are

steadfast in the conscience that they would not solicit any political securement which would in any manner reflect on the rights and opportunities of any other section or town in the county. In this connection, the News does not believe that it is improper to state, that under all the circumstances it became the patriotic duty—and evidently was the patriotic pleasure of the great majority of the people of the county—to be sincere well wishers of Ada in her strong contest before the Oklahoma legislature for a state normal institution. Such an institution in Ada would materially add to the value of the entire wealth of the county. It would aid the small farmer in securing a better and readier market for his produce and best of all, it would aid all the citizens of the county, as well as adjoining counties to extend the most economical superior educational opportunities to the youth with the attendant comfort and pleasure of continuing the child and the son and daughter near the parental roof. The News states that it believes, that it became the patriotic pleasure, as well as the duty of the fellow county citizens of the citizens of Ada to be the earnest well wishers of Ada in her state normal school ambitions, for the reasons above enumerated and for the reinforced reason that no other town in this section and especially in this county, even with the assistance of Ada and our county's representatives in the legislature, occupied a favorable enough position or could offer the flattering inducements such as could larger towns with ample railroad facilities, modern city conveniences and wealth with inclination to "turn it loose" with which to sustain a strong and intelligent lobby at the capital. Ada became the logical town within this section to enter the contest for the

SENATOR RODDIE

Mixins' and Minglins' With Friends and Constituency—Tells How It Happened.

Senator R. M. Roddie returned last night from his legislative duties at Guthrie. His friends and constituency generally are greeting him most cordially today, and they are receiving cordial treatment in return. It is known and appreciated that Senator Roddie was right in the van guard of leadership within the upper house of the legislature. He was pronouncedly very active in the consideration of all questions before the legislature. He was always on hand to vote and a reason whereof for the manner of the casting. Sometimes, it is said, his explanation of his vote would become so emphatic and withal so forceful and resonant in its enunciation that a scramble would ensue among many already casting an opposite vote to change the record of the tally.

The Ada senator was distinctly an influential member of the legislature. It is thought that his services are regarded as distinguished and honorable by his constituency all over the district. Especially is it notable that Senator Roddie not only has maintained the unwavering friendship of his first political friends throughout this community, but to the original squad of them he has added legion, if general cordiality of reception and expressions of general approval of public service forms an indication. Senator Roddie has been commissioned among several other legislators to index and codify the session laws of the late legislature. His committee will finish this work in about two weeks. He states that he will be delighted to meet his constituency throughout the district this summer and to that end will visit all the communities and cities within his district possible. The senator will meet with local friends at 25,000 club rooms this evening.

SHERIFF GARRISON KILLED

NEGRO SLAYER AT LARGE

Special to the News.

Oklahoma City, June 6, 4:30 p. m.—A long distance phone message to Sheriff Tom Smith informs him that Geo. Garrison, sheriff of Oklahoma County, was killed in Oklahoma City last night while undertaking to arrest a negro wife murderer, and two of his deputies wounded, one of whom died this morning. It is further stated that this negro murderer killed six other citizens this morning and had escaped going south and that officers and citizens all along the Canadian river were on the lookout.

However, a message from the Oklahoma since the above was written, states the facts, which vary somewhat from the report to Sheriff Smith. It is true that Geo. Garrison, Oklahoma County sheriff, was killed last night at 8:30 by a negro wife murderer and that the negro is at present at large, that he went east and that a large posse of officers and citizens are in pursuit. Excitement was intense following the killing of Mr. Garrison, that whom there was not so popular a citizen in Oklahoma county.

George Garrison was a lovable man and unusually popular throughout the state for an officer whose official duties were limited to one county. The Pontotoc officers are on the lookout for the negro fiend.

U. C. V. BRIGADE REUNION.

Old Confederates to Celebrate July 21, 22 and 23 at Ada.

The Governor Byrd Camp of Confederate Veterans met in regular session today and the main business transacted was the arranging for a big reunion of the Chickasaw Brigade at Ada, July 21, 22 and 23. Everybody will be expected to join in the effort to make the event a great success. Committees will soon be out soliciting help necessary to entertain the people who will attend.

The business citizens at the earliest time compatible with right attention to business will close their doors and spend an hour at the 25,000 Club this evening 8:30 to 9:30.

Those citizens of Ada truly regardful of the interest of Ada and whose business does not absolutely preclude are cordially urged to visit the 25,000 Club rooms this evening at 8:30 o'clock when business of the utmost importance will be transacted. Senator Roddie and the Hon. Frank Riddleston and the Hon. Edgar S. Riddle will address the meeting. R. E. LUCAS, President.

NO CHARGE FOR LAYING YOUR MATTING OR LENOLEUM IF BOUGHT AT OUR STORE

We relieve you of an unpleasant task, do our work well, and sell at the same price as the other fellow, taking into consideration quality always

SHADE HANGING

We could not pay drayage and hang an isolated shade or two, but will hang free of charge a bill of shades or any quantity in connection with the purchase of other goods.

Refrigerators, Quick-meal Gasoline Stoves, Ball-bearing Lawn Mowers and White Mountain Freezers, to Suit Everyone

Has it occurred to you that some refrigerators are dear at any price? The reason is this: Poor insulation causes a constant waste of ice; and poor circulation does not insure keeping the provisions pure. Ten years selling Greenland Refrigerators has demonstrated their superior qualities over many others. Buy a good one

REPLIES TO WORLD

BRYAN DENIES THAT THOS. F. RYAN CONTRIBUTED TO HIS CAMPAIGN FUND.

WOULD PAY THE MONEY BACK

Charges That New York Paper Sold Its Cartoons to Republican Committee While He Upheld Judge Parker.

Lincoln, Neb., June 4.—In a statement given tonight to the Associated Press, William J. Bryan replies to an article appearing a week ago in the New York World charging that Bryan was the beneficiary of the campaign contribution made by Thomas F. Bryan declares if Ryan made a contribution it was without his knowledge or consent and he repeats his former statement that when it is proven to him that Ryan did make a contribution he will see that the money is returned to the donor. Mr. Bryan says:

"As to the charge that my support of Judge Parker was purchased I need only say that I announced my support to Judge Parker immediately after the St. Louis convention and that support was open and unqualified from the convention until the polls closed. I had opposed his nomination, but he had my support during the campaign. I was in correspondence with him and both on the stump and with my pen rendered all the assistance I could. While the World was selling its columns to the republican committee to be used in caricaturing Judge Parker, my paper was urging his election."

LOCATING THE PENITENTIARY.

Oklahoma Plans Two Great Macadamized Highways from Texas to Kansas.

Guthrie, Ok., June 4.—A delegation was here from McAlester today in conference with the state board controlling the removal of the state penal prisoners from Kansas to Oklahoma. In regard to the location of temporary quarters of the penitentiary, and it was stated tonight that a contract involving the selection of McAlester had been agreed upon.

McAlester has agreed to place at the state's disposal 120 acres of land adjoining the town on the northwest of what was the town of McAlester proper before the municipal consolidation. The land lies along the Missouri, Kansas and Texas main line tracks. In addition the city is to furnish an unlimited amount of water free of cost and light and power at what it will cost the town.

The legislative act by Senator Redwine of McAlester and Representative Durant of Durant appropriates \$50,000 and authorizes the State Board of Control, composed of the above named officials, to effect a removal of Oklahoma's convicts to the state from Oklahoma, where they are now maintained at a daily keep of 40 cents per

person. It is proposed to work the short time convicts on the public roads, and confine the long termers to preparing material for Oklahoma's public buildings. In this work chances for escape are fewer.

In addition to working county roads, the state has in mind the construction of two great macadamized highways from Texas to Kansas and from Arkansas to the Texas Panhandle, covering a distance altogether between 575 and 600 miles. These are to be known as state roads. The north and south highway, it is figured, will follow the general course of the Missouri, Kansas and Texas railroad, running from Denison to Parsons, but the course of the east and west line is not yet known. As to the county roads, it is said the state will investigate to determine where they are most needed. It is figured the only cost to the counties will be that of material, which should not exceed \$100 per mile. The state will bear the cost of maintaining the convicts in this work, but at a price not to exceed what the state is now paying.

The removal of the convicts from Kansas will be effected as soon as arrangements can be made for their retention and care here.

CONGRESSMAN CARTER RETURNS

The Faithful Indian at Home Securing Congratulations.

Ardmore, Okla., Jan. 5.—Charlie Carter came home last night after an arduous several months' work in the halls of congress in behalf of this section of the country where he has been as a representative of this district.

Charlie is the same old Charlie that he was before being elected to congress and true to the promise made to his constituents prior to his election has made good and the relief prayed for by the people of this section has been granted.

Charlie stands pre-eminent head and shoulders above the average congressman in Washington and his council is sought by the secretary of interior on all matters pertaining to Indian affairs in this section of the country.

This morning Mr. Carter spent most of his time shaking hands with his friends and receiving congratulations from them for the work that he with the other members of the Oklahoma delegation has accomplished that will be of benefit to this section of the country.

When seen this morning Mr. Carter had the following to say about what was accomplished and how it was accomplished.

Mr. Carter said: "To say that the Oklahoma delegation accomplished all that it went after would not be quite true, I believe, however, what we did on hundred million dollars worth of property will be added to the tax rolls."

"I do not consider that any member of the delegation has a right to arrogate to himself the full credit for accomplishing the removal of restrictions. Every man did his duty and if any man had failed to do his duty his part of the bill might not today have been a law."

"Not only the Oklahoma delegation, in congress, but many other leading citizens of Oklahoma and the surrounding states assisted in the passage of this bill. I cannot recall all of their names just at present, but I think that Col. Zevely of Muskogee, Mr. Van Franchoot of Tulsa, Wil-

son, president of the Midland Valley railroad, A. C. Duston, president of the Fort Smith and Western; W. W. Hastings of Tahlequah; and the delegation representing the Choctaw nation, consisting of E. L. Hickman, Peter Hudson, Ed Hill and Jas. E. Humphreys, of this city, are entitled to especial mention as having done all in their power to assist the delegation. The Oklahoma delegation, of which I am a member, consisting of Congressman McGuire, Fulton, Dwyer and Ferris all worked both in season and out of season for the measure."

First Baptist Church.

Services tomorrow at the First Baptist church at the usual hours. Sunday school 10 a. m. preaching at 11 a. m. and 8:15 p. m. B. Y. P. U. at 4 p. m. Subject for the morning sermon, "Sanctification." Evening subject the "Broad and Narrow Ways." Everybody invited to attend. The morning topic is one in which all christians should be interested, and their attention is especially called to it. Come and hear it discussed.

T. B. HARRELL, Pastor.

Ada's Conscience

state normal. If the legislature had enacted any legislation, locating normal schools, it is universally believed that Ada's efforts would have been fraught with success.

These suggestions included in this little article of undertaking to promote the interest of the proposed Fourth of July celebration concerning Ada's state normal ambitions may not be pertinent to such subject, on so far that all our guests on that day may know that the people of Ada invite the association of all of them in the easy conscience that no wrong has been done any other community, such as should entitle any one to withhold good fellowship and a spirit of God bless you, we are all one, on the day of the commemoration in this county of the birth of this Republic.

Plans for Two Conventions.

That Base Ball Game.

There is always two sides to any question, some people will tell you that the Second ball team yesterday out played the First team and would have won the game had they been given justice by the umpire.

There are others who will say that the Second nine couldn't hold a light to the First nine, that the First nine didn't have but four of their regular players, that they leaned out their best pitcher to the Second nine. That the fat man's team, Mart Walsh, Manager, could skin the Second nine, etc.

We were not there and of course can't decide, but we do hear it was a good game and those who saw it were well pleased. The battery for the kids was Martin and Robinson, and the First nine, Ellis and Kisor; Charlie Ellis, umpire.

The score stood 2 to 1, in favor of

the first nine.

Now there has been a whole lot of talk going on about this game, and one citizen wants to wager \$50 that the First nine can give the Second nine two scores and then win, the money to be donated to the support of the club. We have heard of some Second nine bluffs, but haven't heard of any calls yet. Another game is scheduled for next week.

Beer Ordered Seized.

Guthrie, Ok., June 3.—It was reported to the attorney general's office today that over two thousand gallons of beer had been discovered in Oklahoma City in the process of making and that the promoters claimed to have permission to do so. Such permission is declared spurious as far as this state is concerned, and instructions were given the officers to make the seizure.

BIG PREPARATION BEGUN

Committees Named Who Will Get Busy for a Mammoth Day in July

The general committee on arrangements met and appointed the following various committees for the big Fourth of July celebration. Take notice and go to work if you are assigned any thing to do for each committee will be expected to do its part.

Amusements and privileges—L. Rosenfield, Mart Walsh and Will Neathery.

ADA'S CONSCIENCE

It will accord the city of Ada great satisfaction to join with all the people of the county in a big picnic and barbecue, Ada as the host and her fellow county citizens as the guests on the Fourth of July.

It is especially fitting at this time that Ada should cordially invite the occurrence of a great county house warming within her peaceful gates.

This young city has a great deal for which to feel thankful and such possession is in principle part the kindly permission of the outlying districts and cities within the same county of Pontotoc. Those citizens, and especially the property owners, here should feel duly grateful of the pleasant and substantial commercial and political position occupied by this municipality in this county.

Each of the system of the three railroads traversing the length and breadth of the county, with three and one-half million dollars of taxable values within its borders form their junction point at Ada. The rich valleys and fertile plateaus enconced within the boundaries of Pontotoc county afford a peaceful and prosperous reception to several of the best little cities throughout a vast section of this country. Especially is it appropriate when referring to the wealth and desirability of this county and when felicitating our town on being the uncontested seat of government of the county, to refer to those prosperous towns of Stonewall, Roff, Francis and Allen, than which there are none in this state, least wise Ada excepted, more entitled to social commercial and political recognition in so far as their respective populations and geographical environment offers opportunity for an exploitation of their talents.

The people of Ada, believing in the cardinal principle of equal rights and exact justice to all men, would not take umbrage unto themselves that on account of the favorable situation of their town in the county, they are in least manner entitled to dictate or control the political transpirations in the county. On the other hand, the people of Ada as a whole, are

steadfast in the conscience that they would not solicit any political securement which would in any manner reflect on the rights and opportunities of any other section or town in the county. In this connection, the News does not believe that it is improper to state, that under all the circumstances it became the patriotic duty—and evidently was the patriotic pleasure of the great majority of the people of the county—to be sincere well wishers of Ada in her strong contest before the Oklahoma legislature for a state normal institution. Such an institution in Ada would materially add to the value of the entire wealth of the county. It would aid the small farmer in securing a better and readier market for his produce and best of all, it would aid all the citizens of the county, as well as adjoining counties to extend the most economical superior educational opportunities to the youth with the attendant comfort and pleasure of continuing the child and the son and daughter near the parental roof. The News states that it believes, that it became the patriotic pleasure as well as the duty of the fellow county citizens of the citizens of Ada to be the earnest well wishers of Ada in her state normal school ambitions, for the reasons above enumerated and for the reinforced reason that no other town in this section and especially in this county, even with the assistance of Ada and our county's representatives in the legislature, occupied a favorable enough position or could offer the flattering inducements such as could larger towns with ample railroad facilities, modern city conveniences and wealth with inclination to "turn it loose" with which to sustain a strong and intelligent lobby at the capital. Ada became the logical town within this section to enter the contest for the

SENATOR RODDIE

Mixin' and Minglin' With Friends and Constituency—Tells How It Happened.

Senator R. M. Roddie returned last night from his legislative duties at Guthrie. His friends and constituency generally are greeting him most cordially today, and they are receiving cordial treatment in return. It is known and appreciated that Senator Roddie was right in the van guard of leadership within the upper house of the legislature. He was pronouncedly very active in the consideration of all questions before the legislature. He was always on hand to vote and a reason whereof for the manner of the casting. Sometimes, it is said, his explanation of his vote would become so emphatic and withal so forceful and resonant in its enunciation that a scramble would ensue among many already casting an opposite vote to change the record of the tally.

The Ada senator was distinctly an influential member of the legislature. It is thought that his services are regarded as distinguished and honorable by his constituency all over the district. Especially is it notable that Senator Roddie not only has maintained the unwavering friendship of his first political friends throughout this community, but to the original squad of them he has added legion, if general cordiality of reception and expressions of general approval of public service forms an indication. Senator Roddie has been commissioned among several other legislators to index and codify the session laws of the late legislature. His committee will finish this work in about two weeks. He states that he will be delighted to meet his constituency throughout the district this summer and to that end will visit all the communities and cities within his district possible. The senator will meet with local friends at 25,000 club rooms this evening.

SHERIFF GARRISON KILLED

NEGRO SLAYER AT LARGE

Special to the News.

Oklahoma City, June 6, 4:30 p. m.—A long distance phone message to Sheriff Tom Smith informs him that Geo. Garrison, sheriff of Oklahoma County, was killed in Oklahoma City last night while undertaking to arrest a negro wife murderer, and two of his deputies wounded, one of whom died this morning. It is further stated that this negro murderer killed six other citizens this morning and had escaped going south and that officers and citizens all along the Canadian river were on the lookout.

However, a message from the Oklahoma since the above was written, states the facts, which vary somewhat from the report to Sheriff Smith. It is true that Geo. Garrison, Oklahoma County sheriff, was killed last night at 9:30 by a negro wife murderer and that the negro is at present at large, that he went east and that a large posse of officers and citizens are in pursuit. Excitement was intense following the killing of Mr. Garrison, that whom there was not so popular a citizen in Oklahoma county.

George Garrison was a lovable man and unusually popular throughout the state for an officer whose official duties were limited to one county. The Pontotoc officers are on the lookout for the negro fiend.

U. C. V. BRIGADE REUNION.

Old Confeds to Celebrate July 21, 22 and 23 at Ada.

The Governor Byrd Camp of Confederate Veterans met in regular session today and the main business transacted was the arranging for a big reunion of the Chickasaw Brigade at Ada, July 21, 22 and 23. Everybody will be expected to join in the effort to make the event a great success. Committees will soon be out soliciting help necessary to entertain the people who will attend.

The business citizens at the earliest time compatible with right attention to business will close their doors and spend an hour at the 25,000 Club this evening 8:30 to 9:30.

Those citizens of Ada truly regretful of the interest of Ada and whose business does not absolutely preclude are cordially urged to visit the 25,000 Club rooms this evening at 8:30 o'clock when business of the utmost importance will be transacted. Senator Roddie and the Hon. Frank Haddleton and the Hon. Edgar S. Baker will address the meeting. R. E. LUCAS, President.

NO CHARGE FOR LAYING YOUR MATTING OR LENOLEUM IF BOUGHT AT OUR STORE

We relieve you of an unpleasant task, do our work well, and sell at the same price as the other fellow, taking into consideration quality always

SHADE HANGING

We could not pay drayage and hang an isolated shade or two, but will hang free of charge a bill of shades or any quantity in connection with the purchase of other goods.

Refrigerators, Quick-meal Gasoline Stoves, Ball-bearing Lawn Mowers and White Mountain Freezers, to Suit Everyone

Has it occurred to you that some refrigerators are dear at any price? The reason is this: Poor insulation causes a constant waste of ice; and poor circulation does not insure keeping the provisions pure. Ten years selling Greenland Refrigerators has demonstrated their superior qualities over many others. Buy a good one

Pounding.

Rev. Ahrenbeck, pastor of the First Presbyterian church was "Pounded" by the members and congregation of his church yesterday. They had just moved into the manse to begin house keeping and had not purchased supplies to begin with, when the delivery wagon of M. L. Walsh drove up to the door and began to unload. Such a pounding this preacher got has never before been seen in Ada. From sugar cured hams, flour and many other things down to small glasses of jelly, pickles, etc., and enough to last a long time. Mr. and Mrs. Ahrenbeck appreciate very much the feeling of the congregation to

W. O. W. Unveiling and Decoration Day.

There will be an unveiling of four W. O. W. monuments at Rosedale Sunday at 2 p. m. All Woodman are urged to meet at the hall Sunday at 9 a. m. when they will repair to the old cemetery to decorate the graves of the deceased sovereigns.

The public is invited on both occasions. JOSEPH DECKART, C. C. A. H. Burgess, Clerk. dtf

Services at the First Christian.

There will be the usual services at the First Christian church tomorrow. Subject of morning sermon "Peace." evening "Salvation."

All who have no services of their

REPLIES TO WORLD

RYAN DENIES THAT THOS. F. RYAN CONTRIBUTED TO HIS CAMPAIGN FUND.

WOULD PAY THE MONEY BACK

Charges That New York Paper Sold Its Cartoons to Republican Committee While He Upheld Judge Parker.

Lincoln Neb June 4—In a statement given tonight to the Associated Press, William J. Bryan replies to an article appearing a week ago in the New York World charging that Bryan was the beneficiary of the campaign contribution made by Thomas F. Bryan declares if Ryan made a contribution it was without his knowledge or consent and he repeats his former statement that when it is proven to him that Ryan did make a contribution he will see that the money is returned to the donor Mr. Bryan says

As to the charge that my support of Judge Parker was purchased I need only say that I announced my support to Judge Parker immediately after the St. Louis convention and that support was open and unqualified from the convention until the polls closed. I had opposed his nomination, but he had my support. Using the campaign I was in correspondence with him and both on the stump and with my pen rendered all the assistance I could. While the World was selling its columns to the republican committee to be used in caricaturing Judge Parker, my paper was urging his election.

LOCATING THE PENITENTIARY.

Oklahoma Plans Two Great Macadamized Highways from Texas to Kansas.

Guthrie Ok June 4—A delegation was here from McAlester today in conference with the state board controlling the removal of the state penal prisoners from Kansas to Oklahoma in regard to the location of temporary quarters of the penitentiary and it was stated tonight that a contract involving the selection of McAlester had been agreed upon.

McAlester has agreed to place at the state's disposal 120 acres of land adjoining the town on the northwest of what was the town of McAlester proper before the municipal consolidation. The land lies along the Missouri, Kansas and Texas main line tracks. In addition the city is to furnish an unlimited amount of water free of cost to the state penitentiary at what it will cost the town.

The legislative committee during the session of 1904-1905, authorized the state board of control composed of the above named persons to select a site for the removal of the Oklahoma prisoners to the state penitentiary. Kansas was one of the candidates and it was decided to build a new penitentiary at McAlester.

New and Second Hand

Furniture and Stoves

MAIN ST. NEXT DOOR WEST OF GRAND LEADER

ANYBODY can tell you that we are selling more furniture than any other store in Ada. Well, there are two reasons for that; one reason, that you can buy goods from us on

EASY PAYMENTS

a good deal cheaper than you can get at other places for cash.

The other reason is that you can get your money back if you find that the goods are not as we represented them to be.

We don't charge for laying matting or linoleum.

M. LEVIN,

ADA, OKLA.

person. It is proposed to build the short time convicts on the public roads, and confine the long termers to preparing material for Oklahoma's public buildings. In this work chances for escape are fewer.

In addition to working county roads the state has in mind the construction of two great macadamized highways from Texas to Kansas and from Arkansas to the Texas Panhandle covering a distance altogether between 575 and 600 miles. These are to be known as state roads. The north and south highway it is figured, will follow the general course of the Missouri Kansas and Texas railroad running from Denison to Parsons but the course of the east and west line is not yet known. As to the county roads it is said the state will investigate to determine where they are most needed. It is figured the only cost to the counties will be that of material which should not exceed \$100 per mile. The state will bear the cost of maintaining the convicts in this work, but at a price not to exceed what the state is now paying.

The removal of the convicts from Kansas will be effected as soon as arrangements can be made for their retention and care here.

CONGRESSMAN CARTER RETURNS

The Faithful Indian at Home Securing Congratulations.

Ardmore Okla Jan 5—Charlie Carter came home last night after an arduous several months work in the halls of congress in behalf of this section of the country where he has been as a representative of this district.

Charlie is the same old Charlie that he was before being elected to congress and true to the promise made to his constituents prior to his election has made good and the relief prayed for by the people of this section has been granted.

Charlie stands pre-eminent head and shoulders above the average congressman in Washington and his council is sought by the secretary of interior on all matters pertaining to Indian affairs in this section of the country.

This morning Mr. Carter spent most of his time shaking hands with his friends and receiving congratulations from them for the work that he with the other members of the Oklahoma delegation has accomplished that will be of benefit to this section of the country.

When seen this morning Mr. Carter had the following to say about what was accomplished and how it was accomplished.

Mr. Carter said "To say that the Oklahoma delegation accomplished all that it went after would not be quite true. I believe however what we did on hundred million dollars worth of property will be added to the tax rolls."

I do not consider that any member of the delegation has a right to arrogate to himself the full credit for accomplishing the removal of restrictions. Every man did his duty and if any man had failed to do his duty it is out of the bill that we have today have been a law.

Not only the Oklahoma delegation in congress but many other leading citizens of Oklahoma and the surrounding states assisted in the removal of the restrictions. I cannot recall all the names but I can recall that at present out of Oklahoma's convicts to the state penitentiary at McAlester, Mr. Van Fanchot of Tulsa, Mr. Ed at Tulsa, Mr. J. W. McLeod

president of the Midland Valley railroad, A. C. Duston, president of the Fort Smith and Western, W. W. Hastings of Tahlequah, and the delegation representing the Choctaw nation, consisting of E. L. Hickman, Peter Hudson, Ed Hill and Jas. E. Humphreys, of this city, are entitled to especial mention as having done all in their power to assist the delegation. The Oklahoma delegation of which I am a member consisting of Congressman McGuire, Fulton, Davenport and Ferris all worked both in season and out of season for the measure.

First Baptist Church.

Services tomorrow at the First Baptist church at the usual hours Sunday school 10 a m preaching at 11 a m and 8 15 p m B Y P U at 4 p m Subject for the morning sermon, Sanctification. Evening subject the Broad and Narrow Ways. Everybody invited to attend. The morning topic is one in which all christians should be interested and their attention is especially called to it. Come and hear it discussed.

Ada's Conscience

state normal. If the legislature had enacted any legislation locating normal schools it is universally believed that Ada's efforts would have been fraught with success.

These suggestions included in this little article of undertaking to promote the interest of the proposed Fourth of July celebration concerning Ada's state normal ambitions may not be pertinent to such subject, on so far that all our guests on that day may know that the people of Ada invite the association of all of them in the easy conscience that no wrong has been done any other community, such as should entitle any one to withhold good fellowship and a spirit of God bless you we are all one, on the day of the commemoration in this county of the birth of this Republic.

Plans for Two Conventions.
